

GIVING BACK

GIVEBACK HOMES

Giveback Homes is dedicated to creating a sustainable relationship between real estate professionals, home-buyers, home-sellers, and communities in need throughout the world. Their goal is to create social change through the act of buying or selling a home.

The Agency is thrilled to be the first real estate brokerage to join Give Back Home's global good movement. As a global partner, The Agency and its team of top-producing agents are building a strong foundation for philanthropy in real estate. Every donation made by a Giveback Homes member goes directly to build homes for families that, in many cases, have never even turned a key in a door. In less than two years, Giveback Homes has raised more than \$160,000, built 31 homes in Nicaragua, and coordinated five U.S. Build Days.

THE AGENCY GOES GREEN
CONSCIOUS LIVING

THE AGENCY GOES GREEN

The Agency has been continuously making efforts to produce more business while producing less waste. Each office has eliminated paper cups and plastic water bottles, as well as producing as many paperless files as possible. The Agency has organized multiple beach cleanups and a variety of events in order to promote a more conscious way of living. The Agency dedicates a week out of each year to feature their "green" initiatives during The Agency's Green Week.
